Informed Consent

Study title: Acceptability and preliminary effectiveness of a mobile health intervention (Untire app) for adult cancer patients and survivors with cancer related fatigue: A pilot clinical study

Chief Investigator: Emil Vuillermoz
Research Supervisor: Dr Cara Davis

*if you agree, please type your
initials into each box*

1. I confirm that I have read the participant information page dated 29/04/23 (version 1.3) for this study. I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.	
2. I am aware that participation is voluntary. I understand that I can decide at any time not to participate after all or to withdraw from the study. Withdrawing from this study will not negatively impact the quality of care I receive from the NHS.	
3. I agree for a member of the research team to contact me (using the contact details I provided) to ask about my experience of using the Untire app. This would include if I chose to stop using the app at any point.	
4. I understand that this study will require access to my data. This includes data from questionnaires I fill in, data that I enter into the app and stored automatically regarding my app use. This will only be accessed by the research team.	
5. I agree that my data will remain confidential and only be accessed by members of the research team. My data will be stored at the University of Bath for 5 years after the study.	
6. I agree to the use of anonymised quotes I might give to be used in research reports and publications.	
7. I agree to take part in this study.
